## The Serai Bandipur

Foot prints of the Jungle await you when you arrive at The Serai Bandipur. All the outdoors here celebrate the jungle with imprints of the different leaves found here at every step that you take. The Serai Bandipur is "Inspired By The Jungle". Here the jungle stretches all the way to the Nilgiri mountain range showcasing the clouds putting up a dance of sorts just for you. Your hosts here are the inhabitants of the jungle, that elusive Tiger, the Leopard or the Deer and many, many more. Here we are guests to their home, the Bandipur National Park. Here at The Serai Bandipur we are genuinely Inspired By the Jungle.
